

## IMPROVEMENTS PLANNED FOR FORTY ACRES

### WORKDAY JUNE 10TH

June 10th., a week from Saturday, has been declared a 'Workday for Camp Forty Acres' in which parents and interested adults will have their annual chance to help improve Wilmington's camp for its children. Work is to start at 8 am and will continue to 5pm with time out for lunch and coffee breaks.

Carpenters, woodsmen, mechanics, and just plain pick-and-shovel artists will all have an opportunity to do something for the camp, while the ladies too will be provided with work such as preparing the hot coffee, or handling a rake.

Ladies from the Campfire Girls have already spent one day at the camp, which is located in the very northern tip of town, and is reserved for Wilmington boys and girls forever.

### Telephone this year

This year, for the first time there is to be a telephone at Camp Forty Acres, with both the Reading Municipal Light Department and the New England Telephone & Telegraph Co., making substantial contributions in materials, for the new service.

It will be a limited service telephone, for emergency purposes, to be in service six months a year. Up until this year the camp has had to depend on radio calls, for any emergency calls.

The Reading Municipal Light Company has donated a number of light poles to Camp Forty Acres, which will be set up by people affiliated with the camp, along the right of way from Andover Street.

12 poles are to be set up on Andover Street by the Light Co. 7 in Wilmington, and 5 in Andover. Hearings are to be held shortly, in both towns, as the law requires.

The Telephone company will

donate a substantial amount of wire to the project, which is expected to be completed early this summer.

### New Camping Area

One of the projects for the Workday for Camp Forty Acres will be the preparation of a new camp site for overnight camping.

The new site, which has been used to a certain degree already, will be on the west side of the pond.

The roadway to the pond will be graded, a pipe installed for the small stream, and much work will be done on the West side, preparing suitable camp sites, and making two latrines - one of which is partly completed thanks to the volunteer efforts of Charles Crotty of Silverhurst Ave.

A water line will also be laid into the area, from the system installed last year.

### New Shelter

A new shelter, with an aluminum roof, 30 feet wide and fifty feet long, is to be installed in the 'circle' area.

The J. J. Cronin Company of No. Wilmington have already bulldozed the area, preparatory to the work on the workday. The J. J. Cronin Company has frequently done things like this for the camp, without charge. 'We don't now what we would do without them', says one of the directors.

### The Pond

Plans for cleaning up the pond have been prepared by the U.S. Department of Agriculture. The plans include a complete contour map of the area, and suggested improvements. The loam and mud from the bottom is to be dredged, and a gravel bottom provided on the East side. At the same time improvements will be made to the dam.

Foster Balsar, of Middlesex Avenue, the man who started Camp Forty Acres ten years ago is to be in general charge of the Workday for Camp Forty Acres.

the University of Virginia, which he had to turn down, most regretfully.

Luken chose Vanderbilt because he feels there are better facilities there for the study of astronomy. While in High School he was several times a prize winner in the Science Fairs, and among other projects made himself a seven foot long reflecting telescope.

### SENIOR BANQUET TO BE JUNE SIXTH

The annual Senior Banquet of Wilmington High School has been scheduled for next Tuesday, in the High School Cafeteria.

### HIGH SCHOOL BAND TO HAVE BANQUET

The hard working members of the Wilmington High School Band are to have a banquet Saturday evening, in the High School Cafeteria. It will be their first banquet, and the time is scheduled for 6:30pm. Chicken with the fixings is the menu.

## PLAYOFF HERE TOMORROW

The Championship Playoff, for the Lowell Suburban League Championship, will be on the Wilmington High School diamond, tomorrow afternoon, between Wilmington and Dracut. Game time is scheduled for 3:15pm

L to R. Front, Melzar, Grant, Robbins, Fuller, Blackburn, Hardin, and Gage. Rear: Field, Rexford, Co - Capt. Damelio, Frotton, Co-Capt. Beaton, Williamson, Woods, Gillis, Casey and Farrell.

It will be Richard Frotton of Wilmington against Richard Raymond of Dracut, tomorrow afternoon. The two top mounds-men of the Lowell Suburban League will pitch for the two top teams, in a playoff that will settle the championship and the right to go on and play in the State Championships.

Frotton will have Richard Damelio for his catcher, and catching for Raymond will be Ken Eldridge.

The two teams have tied in the league with nine wins and three losses apiece, with a spectacular finish with a third team - North Andover, providing the thrill.

North Andover dropped both

games of a double-header, Monday, to eliminate themselves from a three-way tie.

The winner of tomorrow's game will face the winner of a game to be played between Swampscott and Woburn, in the North Eastern League. That game is being played today, and the winners will meet next Tuesday at a site yet to be determined

### HIGH SCHOOL GRADUATION TO BE JUNE 11TH

Graduation time, for the Senior Class of Wilmington High School, has been set for 4 pm on June 11th., in the football stadium.

In the event of rain the exercises will be postponed to 7 pm the following day (Monday). If there is rain on Monday the exercises will be transferred to the Herbert C. Barrows Auditorium.

### DR HILL NAMED PRESIDENT OF CAMBRIDGE FIRM

Dr. Henry A. Hill, Vice president of National Polychemicals, on Eames Street, has been elected president of the Riverside Research Laboratory, Inc. with offices on 139 Main St. Cambridge.

Dr. Hill first came to Wilmington in 1952, as assistant manager of National Polychemicals, and was promoted to Vice president in 1956.

Prior to his work in Wilmington he had been Vice president of Atlantic Research Associates, and a group leader with the Dewey & Almy Chemical Co. A native of St. Joseph, Mo., he received his doctorate in organic chemistry from MIT in 1942. He is married to the former Adelaide M. Cromwell of Washington, D.C., and the couple have one son, Anthony, 9.

Riverside Research Laboratory is one of the newer firms in research, in Cambridge, and development services to the chemical industry and governmental agencies in the fields of synthetic organic and physical organic chemistry, biochemistry, polymers and rubber and plastics technology.

## HENRY SURRETTE DIED AS HE LIVED

Joseph Henry Surrette, veteran Rural Free Delivery Carrier of Wilmington, died while at the wheel of his car, Monday morning.

Ever conscious of the Safe-Driving Code, his very last act was to pull his car off the road and stop it.

Surrette had been awarded 15 Safe Driving Certificates by the Postoffice Department, for

Mountain Road was a part of his regular run, connecting his delivery route on Chestnut Street with his delivery route on South Main Street.

He was observed by residents of that street to pull his car over to the side, and stop the engine. Then he slumped over the wheel, and died.

Henry Surrette died, as he lived, ever conscious of the Post Office Safety Code.

driving without any accident. The sixteenth award was scheduled to be given to him today - 16 years without an accident.

Death came to Surrette in the form of a heart attack, on Mountain Road, in No. Woburn.

### MEMORIAL DAY PRAYER

Dear Heavenly Father,

At this time, while contemplating thoughts of Memorial Day, I would like to take this rare moment of tranquillity to speak with You in prayer.

I thank You sincerely, God, for the increased proximity of family togetherness during these days of memory. Everywhere one sees families together. They might be watching the Memorial Day Parade - waving to friends and relatives who are participating in it. Or maybe they're solemnly placing flowers by the graves of loved ones.

I think of my own family, God. Vividly, I can see Grammie quietly crying at the consecrating ceremonies on the common for Uncle Elmer. Grammie, usually happy and contented, is there, with calmed emotion, mourning for her dead son. What a sad thought! All seems lost.

Entering my mind, however, comes a much more exalting thought with enough potential to thrust this picture of woe temporarily out. Imagine! I have a father alive and well as, unfortunately, some other children of war veterans do not. What a blessing You bestowed upon our family when You chose to let my father live through those crucial and miserable years of war.

But, God, please forgive me if I appear selfish. Truly, I will try hard not to obliterate from my consciousness the tragic thought of those not so fortunate who lost loved ones dear to them in past wars; not only in the United States, but all over the world. Help me, God, to realize that people in countries everywhere have feelings and emotions and that they, too, can be profoundly hurt and scarred by the disastrous situations into which they were thrown.

Please forgive the people who were responsible for past wars. Even if they were merciless, please, God, have mercy with them. Pardon the world leaders today whose intentions do not seem to be for the benefit of the world as a whole. Please aid them to do more righteous things with their resources.

Help us, please God, to avoid what appears to be inevitable -- another World War. Another one would undoubtedly not leave any widows and homeless children as before. In fact, another World War would probably not leave anyone at all. Please, God, obstruct my view of the remains of corpses scattered endlessly all over the earth with the view of a universal peace. Ah -- a universal peace! Today it would be considered a great phenomenon -- a-much-prayed-for phenomenon, however. Help, please help us, God, to somehow find a way -- a way to prevent future tragedies.

Help us and be with us I pray,  
In Jesus' name,  
Amen

### THE SWAY BACKED CORKSCREW

When Francis J. Hagerty was a Selectman of Wilmington, at the time that Interstate Route 93 was nearing completion, he had an often and almost bitter complaint about a section of Route 62, just where it crosses Route 93.

Mr. Hagerty complained that the state had built Route 62 in such a manner as to make a car go "bump". It seemed that Mr. Hagerty must have been a very sensitive soul, for other people tried to make their cars go "bump" at the same place, and had no success.

But Mr. Hagerty was right. Route 62, today, just before one gets to Route 93, going east, has a surface that makes a car act as though it were on a sway-backed corkscrew.

And it seems to be getting worse.

now and then a ball gets batted over onto Middlesex Avenue, or even onto the other side. The temptation for the little kids to chase that ball is practically overwhelming.

99% of the people who drive to the Little League Park seem to realize this, when they park their cars for the evening, for they park well off the street. They seek to give the approaching motorist the best possible view, in case a youngster does chase a ball.

Unfortunately, there is a 1%. They park their cars next to the travelled highway. They increase the dangers, by their thoughtlessness.

Perhaps it is only two or three drivers who are so thoughtless - but that is two or three too many.

### MEMORIAL DAY, 1961

In the humble opinion of the Town Crier the Memorial Day observances just passed have rarely been equaled in the history of Wilmington. The parade sparkled, the High School Band was at its best, and spectators crowded the sidelines.

As a parade credit is due to Commander Farrell of the VFW and his committee. It was, true, the same parade and program of former years, but this year that was an added something that cannot be defined.

But there was more to the observance of Memorial Day than a show of Veterans and other organizations. There was, for instance, the indomitable spirit of a lady well past 70 summers, Mrs. Laura Marshall, an Army Nurse of World War I. Mrs Marshall marched the entire distance, and was ready for another parade at the end.

Over-all there was a spiritual sense that pervaded the entire community. Never has a Memorial Day in Wilmington been so marked with the feeling of the need for Divine guidance.

From the Memorial Day Sunday sermon, preached this year by the Rev. Mr. Sanders, a message against chauvinism, to the final prayer, for our President, by the Rev. Mr. Vincent, our clergy united in the Brotherhood of Man, and an appeal for peace.

Perhaps a prayer written for herself by a 15 year old girl, is the best reflection of the spirit of Wilmington in this year of Our Lord 1961.

We are fortunate that we can include this prayer in our column this week.

### SLIGHTLY UNDECIDED

From Wilmington the students entered are: Jon Fairfield, Frank Munroe, Greg. Phillips, Richard Allard, Phil Sweet, Dixon Knight, George Szadis, Loyd Carney and Robert Curtis.

### NORTH READING SANATORIUM TO BE CLOSED SOON

An announcement released this week by Howard M. Payne, MD, Middlesex County Sanatorium superintendent, confirms the long standing rumor that the No. Reading Sanatorium is to be closed.

Dr. Payne, who is first vice president of the Middlesex Tuberculosis & Health Association, stated that the patients would be transferred to the Waltham Hospital in 'late June or early July'.

Several positions will be open in the Waltham hospital because of the change, according to the Middlesex Tuberculosis & Health Association, including that of head nurse, licensed practical nurses, assistant cook, helpers, waitresses, seamstresses, porters, launderers and licensed attendants. Interested persons should apply at the Middlesex Tuberculosis Sanatorium Personnel Office, at Twinbrook 4-4600. The Sanatorium is located at Trapelo Road, in Waltham.

### CASH PAYOFF FOR COLLEGE STILL HIGH

By Robert E Stewart, President Mechanics Savings Bank

Savings Accounts that are earmarked for college expenses are more important than ever. Herman P. Miller, staff assist and to the director of the Census Bureau, reports in the American Economic Review that since 1940 the proportion of male college graduates over 24 in the population has nearly doubled. But the income differential between high school and college graduates has actually increased a little. In 1939 a college degree was worth (in average annual earnings) 57% more than a high school diploma; in 1958 it was worth 65% more. The income gap between high school and elementary school graduates has widened even more in a shorter time - from 26% in 1946 to 40% in 1958.

In 1958, Miller found from Census Bureau data, the average college graduate was earning about \$9,200 a year, with his lifetime earnings estimated at more than \$435,000. In contrast, the average high school graduate was making less than \$5,600 a year (less than \$260,000 over his lifetime) and the man with only eight years of schooling was knocking down less than \$3,800 (with lifetime earnings of a little more than \$180,000).

**HARRIMAN TANNERY LAND DOUBLED VALUE IN 10 YEARS**  
Tax stamps on a deed filed with the Registry of Deeds reveals that the Harriman Tannery land on Middlesex Ave. in No. Wilmington has doubled in value in about 10 years. The land sold for about \$22,000 in 1952. According to the stamps on the deed, it sold for \$50,000 in 1961.

There is nine acres of land, and at the time of the transfer some old buildings including the old tannery, which has since been destroyed.

The new owner is listed as the Wilmington Development Co. The Waltham Door and Window Company is building a plant on the site.

The Board of Appeals has decided against issuing a zoning variance for a lot of land at the corner of Clark Street and Main Street.

The appeal, heard in April, was by the Harwood Realty Trust, owner of the land. The owner wanted to tear down the old Jaquith home (known better as the Estler home) and build an office building.

**LARRY NOEL IS HOME**

Larry Noel is home, back in his place on Glenview Road. The man who shouldn't be living, the man who suffered over 50% third degree burns on his body, in a vain effort to save the life of his little daughter, is home, still chipper and smiling - still with a ready joke, and an amazing fortitude.

Larry was desperately burned, on March 24, 1960, when he tried to save the life of his infant daughter, trapped in the burning Noel home. He and his father in law, Ernest Stowe, repeatedly tried to reach the little girl.

His clothing on fire, he had to be restrained, by Lloyd Moulton, a neighbor, and Charles Bowser, the two men who had discovered the fire. They beat out, with their hands, the burning clothing, and he was sent to the Winchester Hospital, where his life, for several weeks, hung in the balance.

But Larry (his real name is Clarence), hung on, and began the long path of the road back Dr. George Marks of Winchester was to a degree responsible, for it was his surgery that allowed nature to take its course.

But it was Larry's will to live, his courage that was the key factor. Larry and his wife Doty were married in Chelsea 11 years ago. He is a Navy veteran, enlisting for six years in 1943 just after graduating from High School. They moved to Wilmington in 1953, and he commuted daily to his job as a 'chisel truck' (fork-lift) operator for the US Gypsum Co in Charlestown.

There were two boys, Ray, now 7, and Bob, now 6, and their home was one of the nice homes in the Suncrest area - well kept, in a quiet neighborhood, until the morning of the fire. Doty, two months previously had enrolled in the Winchester Hospital, as a student nurse's helper. Her mother thought she was taking too much on her shoulders, with two boys, and a little daughter, but Doty characteristically said 'I just want to do it' and went ahead. She had completed the course, and worked in the hospital for two weeks, when the

tragedy struck. Since then she has, of course, been home, but she is going back 'as soon as possible'.

Larry spent two months in the Winchester Hospital under the care of Dr. Marks, and then, being a veteran, was transferred to the US Veterans Hospital, in Bedford.

Repeatedly, during the 14 months, the doctors have taken skin from one part of his body to graft onto another part, on ly to have the graft fail, and slough off. There were a total of 27 grafts and 68 blood transfusions.

Larry's legs, which were not seriously burned, have long ugly welts, places from which the skin was taken for grafts. His body has to be seen to know what he went through. The back is one mass of red tissue and so is the stomach area. But his face is practically like new, and in more than one sense of the word, for it is skin from the graftings. It is a tribute to the skill of Dr. Marks, to whom both the Noels will always be grateful.

But Dr. Marks couldn't provide the disposition and the smile that Larry provided, and that had a lot to do with his recovery.

When he came home last week it was to a house that had been rebuilt and looked like new. The lawns were well manicured and the house gleamed, thanks to help from a lot of neighbors, but the wallpaper - well, that is the story of Mrs. Noel.

It's all new, and it looks wonderful. She put it all on herself - without assistance. 'I never had tried it before' she says. 'It took a long time but I don't care.'

Larry still cannot move very much. He has to be helped when he sits down or stands up, and his arms are almost immobile. There are a lot of tight places, and the doctors are not sure about all the muscles they suspect that there is a deposit of calcium in the left elbow, and that they will have to operate to relieve a condition in his shoulder. But the doctors are going to wait and see what a few months rest at home, with home-cooked food will do. So far, in one week, he has gained five pounds.

**WILMINGTON'S NUMBER ONE SMILE**

Clarence (Larry) Noel, 6 Glenview Avenue, (in Suncrest Acres) can't move his arms very much, and can walk only with difficulty, but he is the possessor of the Number One Smile, in the Town of Wilmington.

To Make the Best Bread

—it isn't only necessary to mix the ingredients in a  
large pan; but it is also necessary that they be mixed  
according to some particular method, which you know  
from experience and observation, to be the only method  
that will produce the right kind of bread.

So it is with prescriptions. Compounding a pre-  
scription doesn't consist merely of pouring its several  
ingredients into a bottle, shaking it, and then dis-  
pensing. Correct compounding consists of an intimate  
knowledge of the properties and qualities of these  
ingredients, and the effect they have upon one another.  
If they are improperly mixed, the desired effects of the  
medicine are completely destroyed.

We consider it the most important part of our busi-  
ness to have a thorough knowledge of every chemical  
and medicine that your physician prescribes. So when  
we fill your prescription, you have that great satisfac-  
tion of knowing it to be the very thing your physician  
intended it to be.

**JAYCEE ROAD-E-O DRIVING WINNERS**  
Robert Allan Riley, 18, of 410 Chestnut St.,  
(2nd from right) took first place honors, and  
won a \$50 war bond, in the Jaycee safe driving  
contest, last Sunday. Riley turned in a near-  
perfect score of 195 out of possible 200 points  
on safe driving, and a 120 score out of a pos-  
sible 200 in a difficult 50 question written  
test.

Paul Foley, 16, of Westdale Ave. (far left)  
took second place, one point behind Riley. He  
was awarded a \$25 bond.

Third place winner (second left) was William  
Wybert, 18, of Brand Ave, three points behind  
Riley. With the three winners are Chief of Po-  
lice Paul J. Lynch, and TM Cecil Lancaster.

All five top scorers had completed the Wil-  
mington High School Driver Education course.

## METHODIST NEWS

Last Sunday marked the begin-  
ning of a new ministry in the  
Wilmington Methodist Church, as  
the Rev. Terry Clay Thomason  
preached at two morning serv-  
ices of worship to a congrega-  
tion of more than 300.

At the conclusion of the sec-  
ond service, Mrs. Thomason (Nan-  
cy) was received into member-  
ship of the church. The high  
light of the morning was the  
special reception given the  
Thomasons by the Wilmington  
congregation. The Rev. Herbert  
Coontz, speaking for the con-  
gregation, extended a warm wel-  
come to the new pastoral fam-  
ily and a large bouquet of red  
roses was presented to Mrs.  
Thomason.

The Thomasons, who have one  
child, a daughter Nancy Elise,  
are temporarily staying at the  
cottage of Dr. and Mrs. Ernest  
MacDougall in Ballardvale  
while the parsonage is being  
readied for them. During this  
interim he may be reached by  
phone by calling the Church of  
fice 8-4519, Dr. MacDougall,  
8-4432, or the church secret-  
ary, Mrs. Razey, at 8-3789.

**METHODIST YOUTH FELLOWSHIP**  
**PLANNING NEW YORK TRIP**

The Methodist Youth Fellowship of the Wilmington Methodist Church is planning a trip to New York City, on June 24-26th. The trip will include a visit to the United Nations Headquarters, as well as to other points of interest.

To raise the money for the trip the MYF has been having a series of car-washes, spaghetti suppers, and have been selling peanut butter candy and books at the church.

A food sale is to be held on June 3rd, at the Wilmington Plaza, and at the North Wilmington Pharmacy, as a part of

the fund raising activities.

Also on Saturday, June 3rd the Youth Fellowship Basketball Team will sponsor a Car wash at the church parking lot from 10 am to 4 pm.

## ORGANIZATIONAL MEET FOR WOMEN VOTERS NEXT TUESDAY

Wilmington ladies interested in forming a League of Women Voters in Wilmington are to meet next Tuesday evening in the Wildwood School, at 8 pm.

The original plans had been to meet in the High School. The meeting is open to all ladies of Wilmington who would like to learn more about the League of Women Voters. Organizational rules call for a minimum of forty members.

The League is a nonpartisan organization for women who are interested in promoting political responsibility through active and informed participation of citizens in government. It is an outgrowth of the National American Woman Suffrage Association, and was founded in 1920. Membership is open to all women of voting age.

There are three levels in the League, national, state and local. The program is varied but all issues studied are related to government.

Local leagues have spearheaded improvement in the structure and efficiency of city and town governments, have worked on such issues as public schools, housing, health services and tax reforms.

State leagues direct much of their efforts towards the establishment of the merit system, state constitutional reform, improved legislative procedures and child welfare laws.

The league publishes factual information, from time to time on issues to help voters to keep informed. At election time it issues information on candidates, conducts meetings and works to get out the vote on a non-partisan basis.

## RAIN SPOILS LITTLE LEAGUE GAMES

Only half the regular Little League games were played this week, because of the rainy weather, and the Yankees are still top dogs in the league.

The Yankees defeated the Indians on May 24th, 5 to 0, with beautiful pitching by Steve McNamara. McNamara also made some fine defensive plays to help along the cause of his team.

Mark Peters hit his fourth home run of the season.

The battery for the Yankees was McNamara and O'Reilly, while Sullivan and Currier pitched for the Indians, with Metcalfe catching.

## Tigers 5 Red Sox 1

Led by the excellent fielding and pitching of Paul Theriault and Mike O'Rourke, the Tigers defeated the Red Sox 5 to 1 in their May 25th game.

Theriault made two fine double plays at second, as well as belting out two timely hits. O'Rourke had a perfect night at the bat, 3 for 3.

Caira and Yentile pitched for the losers, and Swan and Carthron for the Tigers.

**MONTGOMERY FAMILY RETURNS**

The J. Leonard Montgomery family, formerly of Powder House Circle, have returned to live in Wilmington.

Mr. Montgomery was employed in the Boston Avco laboratories, a year ago, when they were closed up. He transferred to Avco-Crossley, in Ohio.

Then he was transferred to the Underwater Sound Laboratories, in New London, six months ago. Now he has been transferred, back this time to Wilmington-Avco.

The family has bought a new home on Woburn Street, from Basil Weatherbee, in North Wilmington.

**A TRICKSTER FOOLED****THE TOWN CRIER**

Some unknown young lady announced an engagement, last week, to the Town Crier, and it was printed as it was announced.

The young lady said she was Geraldine Brown, of West St., and that she was engaged to Arthur Hall, of Woburn St.

There is no truth to the story. The Town Crier regrets any inconvenience that may have been caused to Miss Brown or Mr. Hall.

**Rely on your PHARMACIST**

It's wise to buy all your drug needs, even a bottle of aspirin, from a registered pharmacist. He does not prescribe, but he can help you with the selection.
